Hello! It's briefs again after a while!! (I just wanted to say this)
Its been 3 years since my last dj about briefs "Imasara brief no miryoku ni kidukimashita "
This is the 2nd briefs-battle of mine ('з)/⌒☆
Eh? My default theme is always briefs? It must be your imagination
It's my ○th year ever since my briefs-propagation Plus, Libre-san has made the briefs-shaped small bag that I've been longing to do for so long (//////// `)< fufufufufufu
That day, my editor sent me a sample photo of the briefs-shaped small bag Before I could feel happy, I had this thought "If this doesn't sell well with large stock quantities, then will I be fired?" and I got quite indecisive about this That's why, I hope you guys can pre-order a lot ・。゜(^ω^)。゜・ It'll be deeply appreciated!!!!
Since it'll be released the same time as the doujinshi, I wanted to match it with another "Briefs book" since I've been wanting to make another
Even though the contents of (Imasara) the last one was quite perverted, the reviews were good and that made me really happy This time, it was cruel just from the title Cruel, I say (repeat 2 times)
But the title frustrated me the most lol Since it seemed like it was crude and not cute at all, so I wrote "Play" and "hole" in small text above it I'd be embarrassed if someone were to read it in front of me though
It's been a while since I was able to draw whatever I liked, so I was really happy
Plus, since it's "Play hole", I simply made a hole in his briefs All the words that came after started from there
I'm looking forward to the outcome♪
I'd also be glad if you all could enjoy it
This time, it has fewer pages and only has one background frame Plus one "scissors" But when I looked carefully at that, I realized "Huh? It doesn't even have one background frame???" so I thought "Okay I'll add one from the next page"
What I want to say is, this is one story full of briefs
Well then, now we start!

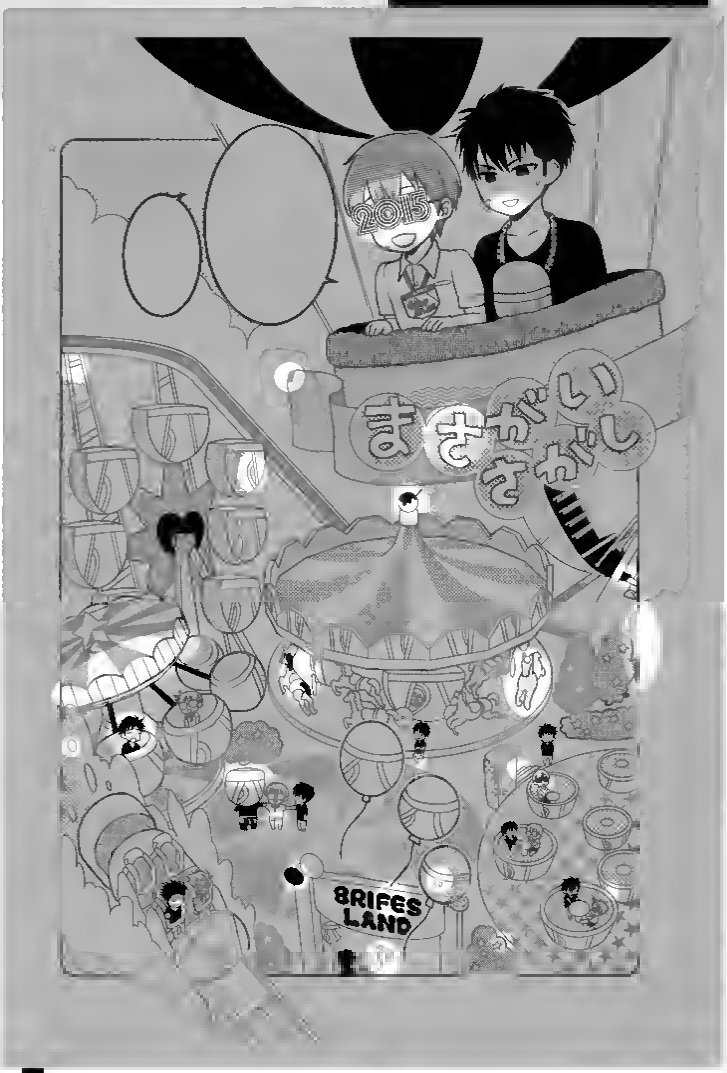
SO THIS IS BRIEFSLAND, HUH?
PLEASE SEARCH FOR ALL THE DIFFERENCES BETWEEN THIS PICTURE AND THE PICTURE ON THE LEFT SIDE!
Finding Differences
BRIEFS LAND

Finding differences' answer



76-san I'm really thankful to you for drawing such a wonderful Briefsland even though I asked you out of nowhere lol I want to express my gratitude since you accepted my change of conditions without feeling uncomfortable (?)~

I enjoyed finding all differences but— there was only one I couldn't find so I gave up in the end And it's the part where the stairs of briefs cup place has one more step!! I was so relieved having found Nemu's black glasses there so I totally missed the stair! I really like Maya who's standing outside watching over Nemu who's riding on the cup ^///^
I don't know why but even the 1 day pass and the popcorn box also became brief shaped so I couldn't help but grin while looking at them I wonder if someone would build such a wonderful theme park like this... I also want to go there
Maya who's holding a brief shaped balloon at the sign lol I wonder what kind of face he made when he bought that lol So the font on the sign was the Penis font that 76-san has kept and used for the first time Please don't take it seriously!!! She told me "The one holding hands with Nemu is brief spirit you know" "Next time you can just draw a story about their date to briefsland"

But it's really a high hurdle for me!

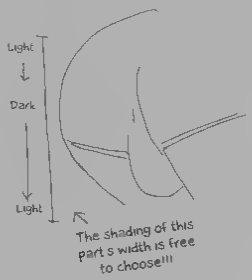
But thank you so much!!
Yonezou

I replied And at this point, it became the 26th difference?! Eh wait, what did I miss?! When I looked at it,
It was the text on the sign!! It's my loss!!!!!
Since 76-san already slept I'm imaging if everyone would feel happy about finding all 25 differences and then roll this pic back up and hit the hay I can't stop grinning when I think about it.

Were you able to find all 25 differences?
Even I didn't know why I had to try so hard to complete this picture!
I guess it's my mistake because I chose this theme!
Well then, ENJOY! BRIEFS LIFE! (Takaoka Nanaroku)

Enjoy briefs life!!

Thank you for reading!
I also just finished the main part and reread it a while ago, but I'm worried since I didn't know which part I should leave or fix I always entrust the Editing Department with fixing anything that's lacking I think the part where Maya's dick was sucked in by the underwear is good enough I always feel nervous until I see the released version
The story before was when I still drew by analog method, but this time, I used the digital one, so I was really satisfied being able to draw all the detailed lines
The good thing about digital is that I can use gradient tones as much as I want!! If I used too much, the digital color would be too strong, so I didn't like it That's why I'm trying to use digital's strong points to make it look like the analog type, but when I use gradient tones to make the shading, I have to decide the limit from dark to light Well, you know how happy I am when I can draw the roundness of the ass by using tones!!
As I thought, I want to make the upper part of the ass a bit lighter!
I think there will be many people who think "Oh, I see I don't get it though," so I'll stop here But really, using digital made me realize that I had wonderful technology I could've used instead of analog which makes things harder Ahh but really, it's not me who does that work anymore
I even forgot how to use a cutter to paste the tones
Although ever since using digital, my work has increased a bit, but analog's tones are quite a mess, so using digital is really convenient and I'm thankful for that Oh, and I haven't mentioned about the contents of the story, so I'll talk a bit about it now When I read the afterword in the last book, I wrote "Maya will put his fingers in from the front opening of Nemu's briefs and make it all sticky," I realized I didn't draw that scene this time either Only from the backside I guess I have to go for the 3rd brief battle at this rate Eh? You already have enough? Well, don't say that
Though I'll draw what I want anyway
To be honest, I enjoyed drawing this a lot, so I'd be really happy if I could receive some thoughts from you guys!
Well then, till the next book!
(Actually, I already decided on the plot for the next story.)



Listen to me, will you? The pink cover
I had to color with white ink twice to get the white briefs to show, y'know
